Our Courses

With small classes of only 2 to 4 students, our personalized training guarantees you an intimate learning experience, and the skills to carry you forward into a wonderful career. Two students are assigned to one trainer at a time. This is to ensure that each student's individual learning needs are met, the dogs we work on are comfortable and safe, and that all of our attention is focused on you!

Our courses are designed to get you where you want to go. That may be into an existing salon, starting up a home-based business that gives you work-life balance, a mobile van or trailer, or even grooming at a vet clinic.

5 Week Practicum for ACM30122

Heiniger Academy is an RTO that offers a **Certificate III in Animal Care (Pet Grooming)**. The practical grooming component of this course is delivered and assessed by independent Training Centres, of which Dog Diversity is one. Your theory work for Heiniger Academy is completed in your own time, and you attend Dog Diversity for 5 weeks of practical training and assessing.

We recommend commencing your course with Heiniger Academy at least one month in advance to get the best out of the 5 weeks at Dog Diversity.

Certificate III students are responsible for their own videoing and photography, and uploading of the required evidence for the Heiniger Academy coursework, **as well as** Dog Diversity's in-house 4 Week Intensive certification requirements. Please have a thorough understanding of what is involved with Heiniger Academy prior to commencement.

In the unlikely event that you are unable to be deemed competent in all aspects of practical grooming during the 5 Week Practicum, you will be offered the opportunity to return to Dog Diversity for additional assessment when you have gained more experience in the dog grooming industry. Additional assessments are charged at \$195 per dog, and you will have to supply your own appropriate dog for the session.

Completion of the 5 Week Practicum will also award you the Dog Diversity Professional Dog Groomer Certificate, provided all Dog Diversity's online coursework is completed to our standard.

7 Things to Remember if you are Considering Becoming a Dog Groomer

1 You will make a difference – You will become a person who dog owners look to for advice and professional services.

2 Don't listen to the negativity in your head. Learning is a process, be open to making the odd mistake and learn from it. Be gentle on yourself.

3 Give it time – grooming skills take time to develop and master.

4 Don't compare yourself to others. Measure your ability by what the dog thinks of their grooming experience.

5 Stay calm, know that in time you **will** get there.

6 Only you can make your dream come true. It takes hard work and dedication to learn a new craft.

7 Smile, enjoy the experience of learning. Trust in the process.

Frequently asked questions

Do you have accommodation options?

If you need somewhere to stay for your course, try Airbnb. There's a few good options on our website that are walking distance to us.

Can I study part time?

In order to learn to groom successfully, you need to give your body time to develop muscle memory. It is for this reason that we only offer full time training courses. A 4 Week Program will get you well on your way to developing your grooming techniques. In order to keep developing and strengthening these techniques, we recommend you have either volunteer work or grooming employment lined up after the course.

Is the 4 Week Intensive a TAFE Course?

No. Dog Diversity is a private training school. On completion of our 4 Week Intensive course you will be issued an in-house Certificate of Professional Dog Grooming. If we deem more study and practice is necessary, a Certificate of Participation will be issued.

Do I enrol with you first or Heiniger Academy first if I want to complete the Certificate III in Animal Care (Pet Grooming)?

It's best to claim your spot at Dog Diversity first, as places are limited and fill fast.

Do you have a concession price? Can I get government funding for these courses?

As we are a private training school, unfortunately we have no access to any government funding or concessions to pass on to students, even for the Certificate III.

Please feel free to contact us if you have any further questions!

In the spirit of reconciliation Dog Diversity acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community. We pay our respect to their elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples today.
